VIDEO: TEST WORK PROGRAM HIGHLIGHTS
PREMIUM OPPORTUNITIES

Investors in Hexagon Resources (ASX: HXG) are advised that the company's Managing Director, Mike Rosenstreich, has participated in a video interview which provides a further update on the testing of concentrate from the Company's McIntosh Graphite Project.

In the interview, Mr Rosenstreich discusses:

- The significance of the upstream and downstream test work program
- The growing opportunities to bring a premium priced product to market
- Increasing interest from financiers and other parties

The video is available at: <https://youtu.be/WW3ZSEVLyS8>
