

Hexagon Resources MD to present at Benchmark's Graphite + Anodes 2018 Conference in the USA

Hexagon Resources (ASX: HXG) Managing Director, Mike Rosenstreich will present a company update at Benchmark Minerals' renowned Graphite + Anodes 2018 Conference in Newport Beach California USA, today.

This conference has attracted quality growth companies in the battery supply chain and energy storage industry from all over the world.

Graphite + Anodes 2018 will also hear from leading anode producers, natural/synthetic graphite suppliers and battery end-users.

Topics to be discussed include:

- Pipelines of new graphite supply
- Natural vs synthetic graphite
- Supply, demand and pricing
- Anode technologies
- Lithium ion battery mega factories
- Competing end-markets
- EVs & Stationary storage
- Synthetic graphite
- Lithium ion batteries
- Future anode materials

For those attending the conference Mike Rosenstreich will be presenting on 23 October 2018 at 11.45am (US Pacific Time).
