

**ASX Announcement | 25 October 2024**  
**Hexagon Energy Materials Limited (ASX: HXG)**

***Webinar Invitation: WAH<sub>2</sub> Clean Ammonia Project Update***

Hexagon Energy Materials Limited (ASX: HXG) ('Hexagon' or 'the Company') invites shareholders and interested parties to a live webinar hosted by CEO, Stephen Hall, where he will present the latest developments on the Company's WAH<sub>2</sub> Clean Ammonia Project in the Pilbara.

**Webinar Details:**

- **Date:** 30 October 2024
- **Time:** 12:00pm AEDT / 9:00am AWST
- **Registration Link:**  
[https://us02web.zoom.us/webinar/register/WN\\_keZLiL7RQr2XE6x5YYPceQ](https://us02web.zoom.us/webinar/register/WN_keZLiL7RQr2XE6x5YYPceQ)

This webinar will focus primary on the WAH<sub>2</sub> Project, which is central to Hexagon's clean ammonia ambitions. Stephen Hall will provide an in-depth update on the Project's progress, its strategic importance, and the potential for ammonia as a key player in the global energy transition.

**Authorisation**

This announcement has been authorised by Board of Directors of Hexagon Energy Materials.

## About Hexagon Energy Materials Limited

Hexagon Energy Materials Limited (ASX:HXG) is an Australian company focused Future Energy project development and Future Energy materials exploration and project development.

Hexagon is developing a business to deliver decarbonised hydrogen (low-emissions ammonia) into export and domestic markets at scale, via its WAH<sub>2</sub> Project. The Company plans to use renewable energy to the greatest extent practicable.

Hexagon 100% owns the McIntosh Nickel-Copper-PGE project and the Halls Creek Gold and Base Metals project in Western Australia. The Company has two joint ventures on its Graphite properties.
